

IDAHO STATE BOARD OF EDUCATION
ESEA – Title I Restructuring “New School” Petition
Statement of Assurance

The Local Educational Agency (LEA) hereby declares that it has approved the applicant’s comprehensive Title I School Improvement and Restructuring plans and implementation efforts and agrees that the school has made substantial improvements in governance and academic achievement that warrant petitioning the Idaho State Board of Education for approval under the “New School” designation. The LEA therefore seeks to have the applicant exited from AYP improvement status.

In submitting this plan for State approval, the LEA assures that:

- The school’s improvement planning and restructuring efforts have been subject to a documented, meaningful, and thorough district level review process prior to providing LEA approval.
- The school’s improvement planning and restructuring efforts have substantially improved the governance structures, instruction, intervention procedures and/or other areas related to the school’s previous lack of academic progress.
- The applicant’s portfolio evidence accurately represents their improvement and restructuring efforts.
- The LEA will continuously monitor and support the applicant’s improvement and restructuring efforts to ensure ongoing success.
